A kindly charity will perhaps attribute this sort of thing to ignorance. It is time such ignorance should be enlightened and perhaps the only way to do this will be to arrest and punish a few of these offenders. Failing this extreme measure there ought to be a strong enough Americanism in this community to make it "hot" for such slackers, whether it be inadvertance or more overt disloyalty,

THE GOVERNOR AND THE HOMESTEADS

The Governor has recently given to the House some important information and some very sane and sensible suggestions in regard to homesteads and homesteading.

He announces that the attorney general will tackle the matter of the ownership of the Hanapepe water, and carry it to an issue, just as soon as the legislative work is out of the way. It would be useless to do anything about homesteading the Hanapepe lands until the title to the water is set-

In California, when land is opened up, prospective settlers have to undergo an examination as to how much money they have, and the extent of their experience. Any man who hasn't resources enough to carry him for a year is turned down flat. The man who has no experience is advised to go to work on a farm and get exper-

The Governor thinks that the lower lands at Kekaha, to the extent of some 3000 acres, should be homesteaded, and that the uplands to the amount of some 1600 4 acres should be leased to the mill as an agricultural nucleus and for
